The Ride No One Chooses.

**Because when cancer turns a life upside down,
it shakes the entire world around it.
With your help, RCCS keeps that world moving.**

A Yeshiva's Torah

Every morning, Rabbi Friedman's voice still fills the Beis Medrash.*

For three years, this Rosh Kollel has been battling lung cancer. Through the appointments, treatments, and uncertainty, RCCS has been beside him, guiding his care and helping him access the treatment he needs.

And through it all, Rabbi Friedman continues to give his daily shiur, teaching and inspiring his talmidim.

The Rosh Kollel put it simply: **without RCCS, he would not be here today.**

Your support keeps one Yid fighting.

And an entire Beis Medrash learning.

A Chef's Career

For Miriam*, taste was more than a sense. It was her life's work.

A renowned chef, Miriam had built her career, and her family's parnassah, around an extraordinary ability to taste, create, and cook.

Then came oral cancer. And with it, a treatment plan that threatened to permanently damage her sense of taste.

RCCS researched the options and helped guide Miriam toward care that could protect it.

B'chasdei Hashem, Miriam's taste was saved. **And so was the career she had built around it.**

Your support protected more than her health.

It protected her life's work.

A Mother's Future

For Rivky*, beating cancer was only part of the dream.

When Rivky, a young woman, was diagnosed with rectal cancer, she was terrified. The treatment could save her life, but it could also take away her chance to one day have children.

RCCS helped guide Rivky to a remarkable option: moving her internal reproductive organs out of the treatment field, then returning them after treatment was complete.

Today, b'chasdei Hashem, **Rivky is cancer-free. And she's a mother.**

Your support helped save her life.

And helped bring another into the world.

The Face Of A Family

Michal* was days away from a surgery that would change her face forever.

At 45, Michal was diagnosed with advanced sarcoma involving much of her face and left eye. The cancer was terrifying enough. But the surgery ahead threatened to leave her severely disfigured, with extensive damage to her eye.

And as a teacher and her family's primary breadwinner, Michal had six children and an entire household depending on her.

With just days to spare, she turned to RCCS. The team sprang into action, connecting her with specialists out of state who performed a less invasive surgery and saved her eye.

Your support spared her a life-altering surgery.

And protected the life she built for her family.

CANCER DOESN'T CHECK WHO'S GETTING ON.

Young or old. Parent or child.
From Brooklyn to Eretz Yisroel
and everywhere in between.
Cancer doesn't ask your age.
It doesn't care where you live.
It doesn't wait until you're ready.

One diagnosis can send any life racing into a terrifying series of twists, turns, and unexpected drops.

And every seat tells a different story.

Don't wait for symptoms. Don't assume it could never be you. Cancer can be hiding long before you feel it. Know what to check for: breast, cervical, colorectal, and lung cancer screenings can catch what's hiding.
GET SCREENED.
CATCH IT EARLY.
RCCS is here to help you take the first step.
Doctors now say
45 IS THE NEW 50
for colonoscopies.
So, if you're 45 or older, or experiencing symptoms, schedule a colonoscopy today!
GET CHECKED ASAP
Stay ahead of the game.
Early detection of women's cancer through consistent screenings and follow ups skyrockets the survival rate from
73% TO 99%
*According to the American Cancer Society

A RIDE THEY NEVER SIGNED UP FOR.

Some are thrown onto the ride.
Others choose to take the seat beside them.

One heart fighting to hold on. Another refusing to let go.

From the hearts of RCCS Patients to their Care Coordinators

Through every frightening turn, there's someone holding their hand.
In their own words, patients share what it means to have RCCS by their side.

She Held My Hand Through It All.

"From the moment I received my diagnosis, you have held my hand every step of the way... Sossy offered to come with me to the appointment... She guided me, helped me understand what was happening, and made sure I was not facing this alone."

A patient, writing to Sossy Rottenberg
RCCS Medical Care Coordinator / GI

I Don't Know Where I'd Be Without You.

"I literally sat down crying... I'd be so lost without all of you. B"H, I have you all in my corner... The fact that all of you are going above and beyond for someone like me that you don't even know is just so special."

A patient, writing to Frimy Silberman
RCCS Medical Care Coordinator / Women's Health

Every Small Victory Means the World.

"How does a Yiddishe Mamma thank you when her emotions run so deep? This year, for the first time in far too long, I was able to make Yom Tov on my own. As I tzind lecht and looked at my lechtige kinderlach, I thanked Hashem for sending shlichim like you. Because of you, I was able to be a Mommy and Bobby throughout Yom Tov—a tremendous zechus. Words cannot express my gratitude for covering my weekly treatments."

A patient, writing to Raizy Bochner,
RCCS Financial Service Coordinator

When Hope Came Knocking at Our Door.

"Recently someone called me to tell me you'd be paying my mortgage for a few months. It came at such perfect timing... I screamed and said, 'WE WON THE LOTTERY!'"

A patient, writing to Chaya Franklin
RCCS Medical Care Coordinator / Head Neck & Skin

OUR HOSTESSES DID!

In the words of
our RCCS Hostesses

You choose to take the seat beside them.

My Promise to Etty

"I started hosting RCCS parties in 2017. But in 2018, everything changed.

My dear friend Etty Miller ע"ה had just been diagnosed with breast cancer. Despite endless appointments, tests, and hospital visits, she refused to cancel the RCCS party she had committed to hosting.

That night, surrounded by family and friends, the party took on an entirely different meaning.

Etty told me, 'You can do anything you want with my story, as long as you help RCCS. I have no other way to thank them.'

Almost four years later, I still miss my friend. But I know she still wants me to help RCCS. And every November, that's exactly what I do.

It's my promise to Etty, and my way of staying connected to her."

Shifra Leah Ullman, Monsey Hostess

I Refuse to Give Up

"Some years, attendance at my party was disappointing. But I told myself, NO! I will not let that stop me. There are fellow Yidden suffering, and they need us.

To every Choleh Yisroel: You're not alone!
You're in the hands of wonderful messengers from הקב"ה at RCCS, and we're all in this together!"

Gitty Rapapport, Monsey Hostess

How Can I Not?

"Every year, I ask myself if I have the time, and the answer is always the same: How can I not?

It's not just about raising money. It's a community coming together to say, **'We see you, we care, and you're not doing this by yourself.'**

You don't know me, but so many people are thinking of you, davening for you, and asking Hashem for your full recovery every single day."

Chumy Hershkowitz, Monroe Hostess

A Neighborhood That Shows Up

"Our neighborhood looks forward to this party every year. It's the perfect way to give and get at the same time.

And hearing about the incredible work RCCS does reminds us why we're all here.

To every patient: You're not alone."

Zisi Hoffman, Jackson, NJ Hostess

Together, we make sure Cholei Yisroel never ride alone.

Your unwavering dedication makes this journey worth the ride. Because of YOU, Cholei Yisroel have the support to face every unexpected turn and the strength to keep going. Thank you for being the incredible Women of Wonder who never let go!

Road to Recovery
Physical and Occupational Therapy

Working together to help cancer patients in need

As the owner of Road to **Recovery Physical and Occupational Therapy**, there is nothing that pleases me more than being able to contribute to the cause of RCCS, one of the most reputable and respected organizations in New York.

When a great tragedy such as cancer strikes, no one will be there faster than RCCS to lift one's spirits and relieve one's burdens.

At Road to Recovery we strive to build our mission in the image of RCCS in facilitating our patients' quick recovery from whatever ailment or pain has impaired their daily function.

We deliver the finest physical and occupational therapy available using the most advanced manual and mechanical methods, both conventional and holistic, applied in the most sensitive manner by highly trained professionals.

Together with RCCS we hope to continue serving the communities of Williamsburg, Boro Park and Crown Heights for many years to come.

Sincerely,

Mark Vaysman, DPT

This year's RCCS Auction is dedicated in memory of the late

DR. TALI SKOCZYLAS

לעילוי נשמת **טלי בן אברהם** ז"ל

A true eved Hashem who dedicated his life to helping people. As a doctor, he was always available to assist people medically. As a community member, he quietly and discreetly helped those in financial need. And to his family, he was a loving role model, a true leader and a genuine inspiration.

May he serve as a meilitz yosher for all those suffering from cancer, as well as anyone who needs refuos and yeshuos of any kind.
